IVY + BEAN

Barrows's debut children's book energetically kicks off a series about two seemingly unlikely pals, just right for kids moving on from beginning readers. Blackall's (Ruby's Wish) half-tone spot art and full-spread illustrations deftly capture the girls' personalities and the tale's humor, while also filling out fun details about Ivy's room and the neighbors' backyards. Barrows's narrative brims with sprightly dialogue and tidily ties everything together.
